

Mitigation

Emergency Management Definition:

Mitigation: The steps and activities related to preventing future emergencies or minimizing their effects.

1. We don't make the same mistakes over and over again.
2. 3 Ups and 3 Downs "*What worked and what didn't*"
3. After Action Reports "AAR"

Child Welfare Definition:

Doing OUR part in the family's life...what can we do to help the family prevent further "disasters":

1. Provide Services (not just any services, targeted services to meet needs)
2. Meaningful follow-Up with the family AND providers
3. Asking your supervisor: Is this all we can do?
